DATE: 9th Aug. 2007

Dear brethren,

Greetings in the mighty name of our Lord Jesus Christ the Son of the Living
God. I, my family and the Church, we are alright.

Brethren, I came across to your address on a box on which was a Digital Talking
Bible. I was very much blessed to hear God's word on a Digital Talking Bible.
I therefore write to beg this digital talking Bible and other spiritual
materials. I am a Pastor of 6 Churches which are situated in Villages.
I am married to Diphah and God has blessed us with 3 children. I
accepted Jesus Christ as my personal saviour on 3rd May, 1993 and God
healed me miraculously from heart attack I suffered for a long time.

Brethren, there is a great work in Villages as many people are very far
from salvation. Many ministers from abroad just conduct their seminars
and crusades in towns and cities off they go while people in Villages are
left without the gospel. I just beg also that we join hands to win the lost
souls of these villages. God willing, you can also refer to ministries which
can support God's work in villages and send missionaries to spread good news
to the lost souls in villages.

Brethren, I ask for this Digital Talking Bible and other spiritual materials
which can encourage us and help us to win the lost souls. I wish you
all the best in the Lord, God bless you,

Yours in the Lord

(Pastor Isaiah Chipetah)
